The Norfolk Gallery Quire invite you to listen or join in as we take a musical journey through the history of Norfolk's Rural Churches

Throughout the 18th & 19th Centuries our churches resounded with the lively sound of the village singers & instrumentalists. They were silenced by the 'correctness' of Victorian organ & robed choirs—until now. Join us as we revive the wonderful music of the past, with period costume and instruments & pay homage to those forgotten Quiristers.

We finish at Mileham by using John Clarke's book of 1795—Once again the old Quire's music will be heard in St John the Baptist's Church—The first time in over 200 years!

All Saints, Litcham
